

Resassol Apostrophie: the Cosmos Essence of Solubilization

Why Apostrophie? The apostrophe becomes the means through which the conversation becomes fluid and transparent, an exchange of opinions and ideas, transforming dialogue into "the art of conversation" (cit. Bernard Pivot). In the same way Resassol Apostrophie enhances the transparency of your texture.

Resassol Apostrophie is the Cosmos Essence of Solubilization.

Resassol Apostrophie : technical benefits

A liquid compound easy to be mixed in the formulation even in cold process formulation. It's a natural way to add sustainability to your texture:

- *Cold processable*
- *Easy to use*
- *China Approved*
- *Problem Solving*
- *Purifying & cleansing properties*
- *No impact on the viscosity*

RESASSOL APOSTROPHIE

Caprylyl/Capryl Glucoside, Aqua, Polyglyceryl-3 Cocoate, Polyglyceryl-10 Laurate, Citric Acid

Resassol Apostrophie is obtained starting from vegetal raw materials .

Cosmos approved.
